Spirits for Rheumatism

The use of spirits in the treatment of rheumatism has proved an innovation among the medical profession. When mixed with certain other ingredients and taken properly it is said to be an almost infailible cure for theumatism and backache. Here is the formula: "From your druggist get one ounce of Toris compound in original sealed package and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bedtime." Results come immediately. If your druggist does not have Toris compound in stock he will get it in a few hours from his wholesale house. Don't be influenced to take some patent medicine instead of this. Insist on having the gonuine Toris compound in the original one ounce scaled yellow package.

SORE FEET, Corns. Callouses. Bun-ions, Frost Bites, Aching and Sweaty Feet. A spoonful of Calcolds in the foot-bath gives instant relief. Get a 25c box at any drug store.

ENJOYED AT MILLER'S About Fifty Couples Were at the Elab erate Christmas Night Function.

The annual dance of the fraternity of Rho Alpha Mu at Miller's Wednesday night furnished an enjoy-able evening of Christmas entertainment for about fifty couples, including a representation of college students in the city for recess. The programme of twenty dances, with intermission during which Frisbie catered, continued

until about 1 o'clock.

Blue and gold, the colors of the fra-ternity, were the decorations used in the hall with particularly attractive ecect. Alternate streamers of the colecect. Alternate streamers of the col-ors were brought to the center over-head from the side walls, and along the walls were alternate bands of the col-ors. The same effect was also car-ried out on the stairway and passage-way leading to the hall, sprigs of ev-ergreen also being used. At the head of the hall, against a background of svergreen, were the fraternity initials in electric lights, and at the other end electric lights, and at the other end the fraternity pin was worked out in the colors. A pretty cozy corner also made an attractive feature of the dec-orative effect.

His eyelids were scorched and his eyes themselves so seriously injured by the electricity that he had to be taken to his home at once. There he was attended by a physicion, who said that Mr. Ashe fould be forced to remain in a dark room for several days, and would have to observe great precautions to restore his sight to normal. Mr. Ashe is well known in this city.

### Christmas Day Was Passed Quietly

Ideal Weather Increased the Joyous Spirit of the Holiday-Good Cheer Reigned at the Backus Hospital, in the Institutions and in the Private Homes of the City.

Wednesday in Norwich and vicinity was just the ideal sort of day for Christmas. Crisp, bracing weather, with a cloudless sky, made the outdoor world attractive to everyone and those who were fortunate enough to have sleighs found that Tuesday's fall had made conditions right for the enjoyment of this winter pastime that of inte years has been intermittent. There was sliding for the younger people on the many hills and by early afformed to the building was also generously decorated and many toys and ple on the many hills and by early af-ternoon a good path had been worn on Broadway hill by the rippers and sleds. On the Yantic river at the falls and at various ponds around, the zero weather of Tuesday night had inreased the coating of ice to a thickiess sufficient for skaters who were

not straid to take a risk.

The various holiday attractions that were offered on Wednesday afternoon and evening provided hundreds of people with enjoyment. At the Davis theatre there were big crowds for each of the four performances and in the evening at the first show there were many standing. At the Auditorium there were also good holiday audiences. In the evening there were good at-tendances at the several dances in the
